

La Sierra High School Recycling Club!

Saving the planet one bottle at a time!

RECYCLING CLUB INTRO

The Recycling Club was started in 2022 by two students from AP Environmental Science and the club has been growing since! We have about 30 participating members!

The background is a light green color with several dark green plastic bottles and leaves scattered around. One bottle is being placed into a green recycling bin with a white recycling symbol on the front. The overall theme is environmental waste and recycling.

25,000

Of plastic bottles is about one
ton of plastic waste

Why is recycling at school important?

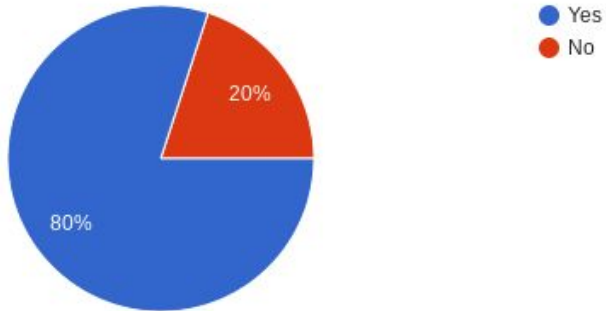

Recycling one bottle can
make a big difference...

Club Impact

We did a survey on how the club impacted our members outside of school, here are the results!

From being in the club would you say you recycle more often outside of school?

15 responses

HOW OUR CLUB WORKS

We've placed recycling bins in each of the classrooms on campus encouraging students and teachers to throw their bottles and cans in there instead of the trash cans!

WHEN WE COLLECT & SORT

6th period

During 6th period students collect the bins from the classrooms to prepare for sorting

After School

When school is over the rest of the members sort through the bins to separate the bottles from the cans

WHAT HAPPENS AFTER SORTING?

COMPLEX

Once a month we take the bottles and cans to a complex in exchange for money. That money goes towards biodegradable trash bags and our eco shirts!

What do we do with our money?

We want to start donating our money to different environmental protection programs like the Riverside Corona Resource Department Center, the Sierra Club, and Tree People!

Mrs. Agnes Wilbur

Last year I had the honor of teaching AP Environmental Science at La Sierra High School and restarted the Recycling Club (due to the interest of my students). With my Life Science background, I reduce, recycle and reuse in my personal life. It has been nice to share this passion with my students and to watch their participation within the club while applying what they've learned.

ANDREW NGUYEN

Hi, I'm Andrew and I'm one of the founders and a current co-president of Recycling Club. I helped create this club because of the need for recycling and to learn to be more environmentally aware of my actions.

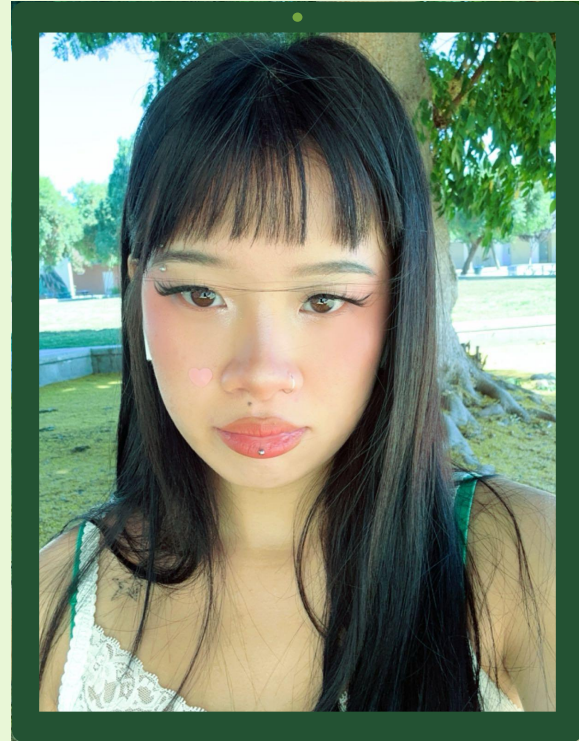

CAMILLE LEAVECK

Hi I'm Camille and I'm one of the Presidents of the club! I joined this club because I'm passionate about preserving the environment! I want to spread the importance of recycling with my peers and my community!

IVEY VO

Hello! I am Ivey Vo and I am co-treasurer for La Sierra's Recycling Club! I've been apart of Recycling since last year, and I joined to not only clean my campus but to meet individuals who valued keeping their community nice and clean like I do myself. :)

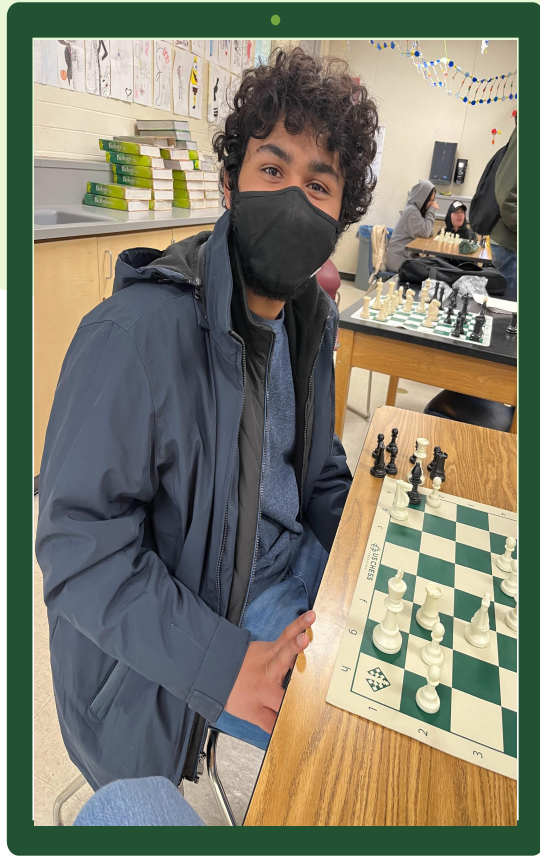

MARY-JANE MBANU

Hi, I'm Mary-Jane and I'm the vice-president. I joined the club this year, because I wanted to help keep the school clean, and I think recycling is one of the best ways to do that.

AZLAN ALAM

Hi! I'm Azlan and I'm the secretary. I joined the club to help clean up my school, and to become more environmentally conscious about my actions.

VINEET SHARMA

I'm Vineet Sharma, and I am the treasurer of our club. I joined this club because I personally don't like littering or people that litter, so I wanted to try to pick up after them.

ANDREW TETERAN

I'm Andrew, and I'm the club's historian! I take and post pictures of club members participating in various activities. I'm part of the club because I care about the environment and want to help raise awareness about recycling across and outside campus.

ALEJANDRO GRANADOS

Hi, I'm Alejandro. I'm the media manager of recycling club. I joined because I wanted to help with the club.

Other Activities

- Collected **Recyclables** at all School Events
- Used the large round cans with wheels
- Made signs to encourage recycling
- Gave candy in exchange
- **Events** included:
 - Homecoming
 - Fall Festival
 - Club Grub
 - Spring Festival

One of the activities we did for Earth Week was make earrings out of bottle caps! All of the bottle caps were collected from bottles we recycled at school! This was a way we showed our school different ways to reuse our materials and how you can turn "trash" into art!

Earth Week 2023

MONDAY 4/17/23

- Clothing Drive all week in Room 711

LUNCH ACTIVITIES

- Face Painting
- Birdfeeder and Jewelry making
- Recyclables Exchange

HAVE CLOTHES YOU WANT TO DONATE?

TUESDAY 4/18/23

- Come grab a gardening kit during lunch

START GARDENING NOW

WEDNESDAY 4/19/23

- Rock painting during Lunch

THURSDAY 4/20/23

- Clean the campus with us after school

FRIDAY 4/21/23

- Come make art from recycling during Lunch

BRING RECYCLE FOR CANDY

Other Activities

- Hosted an **E-Waste Collection** on Saturday, April 22nd
- **Interview** with RCDWR in May ([Link](#))
- Participated in **Climate Action Day** on Saturday, September 23rd

Next Steps

School Presentations

Visit various schools within the district
Share ideas to other students

Meetings/Events

Continue to meet and promote awareness
Order more merch (shirts, hoodies, hats, etc.)

Earth Week 2024

Organize activities and E-Waste Collection event
Donate funds to support a cause

Other Recyclables

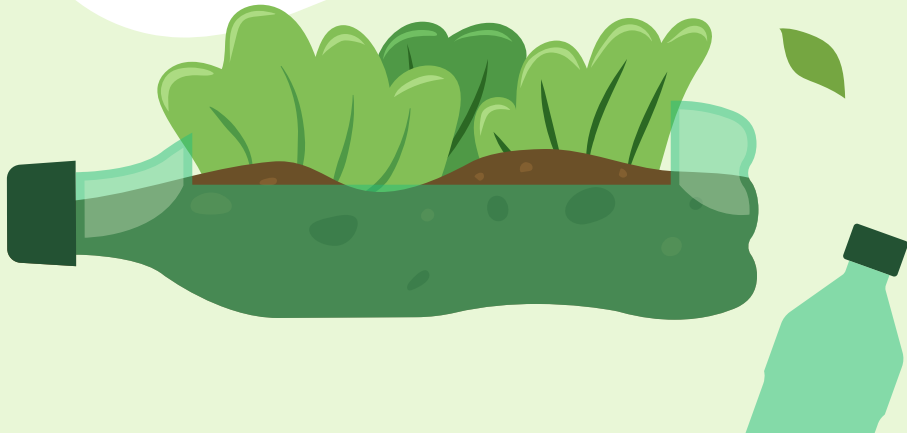

Figure out a system to recycle paper/cardboard and metal

Thanks to...

Riverside County Department of Waste Resources (RCDWR) for the advice, support and resources we needed to perform our duties and to expand our goals! Our faculty appreciates the blue bins. Thank you!

THANK YOU!
