

Mr. Eco The EcoHero Show

The EcoHero Show is an environmental assembly program for elementary that now has live-streaming capabilities. It was created by "Mr. Eco" who is an environmentalist, educator, entrepreneur, philanthropist, NARAS Grammy voting musician, and YouTuber. Since 2015, Mr. Eco and his EcoHero sidekicks have performed for schools around the globe. Each show is performed with the philosophy that every kid can change the world! They teach dances or call and response to each of their music videos. After each song, various sustainability topics are discussed through storytelling and help explain to students how they can have an impact on the ecosystem at home and at school.

ECOHERO ANTHEM

Not sure if you remember me because it was several years ago, but you visited my elementary school called Harloe. I'm now a freshmen at a high school call new tech. I need to give you a lot of credit for how you changed me. Before, I was your average, run of the mill kid crazed about video games. Now I'm part of a student council encouraging community service and aspiring to become a law enforcement ranger of the national park service. It wasn't all you that turned me out to be like this, but you certainly hit the on switch. I have major respect for your work and hope you can spread this knowledge to young students everywhere.
