## County Waste Department to change date of La Quinta household hazardous waste collection event to March 17th

A household hazardous-waste collection event in La Quinta has been rescheduled from March 10 to March 17. The Riverside County Waste Management Department event, in the south city hall parking lot, was changed to March 17 to accommodate the arts festival to be held at the same site. The collection event is open to all Riverside County residents.

The Riverside County Waste Management Department provides an opportunity for Riverside County residents to keep hazardous waste out of the county landfills and ensure that it is properly managed. The event will accept residentially generated household hazardous wastes from Riverside County residents only. Business or non-profit waste will not be accepted. Typical wastes include used motor oil, paint, antifreeze, household and automotive batteries, pesticides, cleaning products, sharps (needles/syringes or lancets), fluorescent lamps, and electronic wastes such as televisions, computers, VCRs and telephones. Limit the amount of waste transported to no more than 5 gallons or 50 pounds maximum per vehicle.

The collection will not accept explosives, radioactives, ammunition, asbestos, compressed gas cylinders over 40 pounds, and infectious or medical waste other than sharps.

Event is subject to cancellation during inclement weather or for other hazardous conditions as determined by the county. The event will run from 9 a.m. to 2 p.m. at the South City Hall parking lot, 78495 Calle Tampico, La Quinta, CA 92253. For more information, contact Riverside County Waste Management Department (951) 486-3200 or (800) 304-2226, or [www.rivcowm.org](http://www.rivcowm.org).
